A. Whatever he called it.

Q. You have to tell me what he called it.

A. Well, it's in here, the tractor-trailer. He owned the truck and leased the tractor -- the trailer -- or some kind of company.

Q. This says during the '50's and '60's Virge owned service stations. Did he own more than one service station?

A. Different locations. I don't know at what time or different times.

Q. Apparently he owned trucks and leased long-haul tractor-trailers. Do you know how long he did that?

A. No.

Q. Do you know why he stopped owning service stations and pursued some other work?

A. No.

Q. Do you know how long he worked at the police department the first time he worked there?

A. No.

Q. Do you know what he did at the police department the first time he worked there?

A. He was a policeman.

Q. Did he drive an automobile on patrol? Did he stay in the office as a dispatcher? Did he walk the streets? Do you know what he did as a police officer?

A. I think he was in the car most of the time.

Q. Let me ask it this way, Mrs. Faulkinbury. Do you have any more information about his work, his employment, before y'all got married than you've told me, that he leased rigs and drove trucks on a long-haul basis, and that he owned several service stations and that he worked as a police officer. Do you have any more employers or more details than that?

A. Just the insurance company. That's all.

Q. How long did he work in the insurance business before you knew him, approximately?

A. I don't have any idea.

Q. Was all of the work that we have been talking about -- policeman, insurance, service station work and hauling -- was that work all based in Texarkana, Arkansas?

A. I don't know. Some of it is.

Q. Well, I would say if he was driving a truck or leasing a truck, he might occasionally leave town. But when he was doing the trucking business, was he based in Texarkana?

A. Yes.

Q. Were all of the service stations in Texarkana, Arkansas?

A. I don't know.

Q. When he worked -- well, do you know of any that weren't in Texarkana, Arkansas; that is, service stations?

A. No, I don't know.

Q. When he worked in the insurance business -- not when he was going to school -- when he worked in the insurance business, was that in Texarkana, Arkansas; or was that somewhere else?

A. It was in Texarkana, but I don't know the area he worked in.

Q. Did he ever work for a railroad?

A. Yes.

Q. Where was that?

A. In Texarkana.

Q. Do you know how long he did that?

A. No.

Q. Do you know what railroad he worked for?

A. No.

Q. Now, when you and Virge got married, he was about 35 years old?

A. Something like that.

Q. Give or take take a year or so?

A. (Nodding head)

Q. Now, you have already told me that at the time you were married y'all were both working as deputy

sheriffs in the Miller County -- you were both working for the Miller County Sheriff's Department; right?

A. At the time we met, yes.

Q. What was he doing? Was he a patrolman?

A. Deputy sheriff.

Q. Did his job call upon him to drive around and patrol the county in an automobile, or did he stay in the office?

A. No. He was out.

Q. And for how long did Virge work as a deputy sheriff after you were married?

A. Not long. A few months.

Q. And why did he leave that line of work?

A. He went to work for an insurance company.

Q. Did he leave voluntarily from the deputy sheriff's office?

A. I think so, yes.

Q. Did you continue to work in the deputy sheriff's office after Virge left, or did you leave at the same time?

A. No. I left before we got married. That's what I said awhile ago. At the time I met him, we were both working there.

Q. What insurance company did he go to work for?

A. I don't remember the name of it.

Q. Was he a life insurance salesman?

A. Well, he only worked for them -- he went to school. And he only worked for them a couple of weeks, and that's when he had to have the surgery. And then he -- and I can't remember then.

Q. Are you talking about appendectomy, Mrs. Faulkinbury?

A. Yes.

Q. It's your recollection that Mr. Faulkinbury had an appendectomy in about August of '65. Is it your recollection that he was in the hospital between August 5 and August 9, 1965, in St. Michael's Hospital, under the care of Dr. Kemp and he had an appendectomy? Isn't that about right?

A. I don't remember the month nor the year, but the other is right.

Q. That's when he was working for some insurance company, and he only worked there a couple of weeks. Is that what you're telling me?

A. Yes. And I don't even remember the name of it.

Q. Was it after that that his next employment was as a painter?

A. No, I don't think so. I think he went back to work at the sheriff's office.

Q. How long did he stay there as a deputy sheriff

682465472

the second time?

A. Not long.

Q. A matter of months?

A. Probably months.

Q. Why did he leave the insurance work so quickly?

A. I can't remember.

Q. Why did he leave the sheriff's office the second time so quickly?

A. I think that's when he went to work at Day & Zimmermann, and he was making more money.

Q. How long did he work at Day & Zimmermann?

A. About a year, I think. I'm not sure.

Q. Is that in Texarkana, Arkansas, that Day & Zimmermann is located?

A. No.

Q. Where is it located?

A. I think they call it Leary, Texas. It's out of Texarkana.

Q. What kind of work was he doing for Day & Zimmermann?

A. He painted.

Q. What kind? What is Day & Zimmermann? Is that a painting contractor?

A. No. It's -- they make hand grenades. It's government work. I don't really know. It's for

supplies for the Army or --

Q. Is it a defense contractor? Is that what they do?

A. I think so.

Q. And as a painter working for this company, what did he do? Paint hand grenades?

A. I don't know. I think he just painted buildings. I don't really know.

Q. Do they have a plant there in Leary?

A. Yes.

Q. Was he assigned to the maintenance department or was he assigned to paint their products, or do you know?

A. I don't know. He just did painting, is all I know.

Q. You may not have enough details about the work he was doing there. Do you know if it was work where they, for example, used spray painting equipment or whether they used brushes or both; or do you know?

A. I know he used brushes. I don't think he did any spray painting.

Q. While he was working there, did Virge go to work in painter's clothes and come home in painter's clothes; or did he wear other clothes and change at work? Or do you know?

http://legacy.library.ucsf.edu/tid/air07a00/pdf Guidance provided by www.industrydocuments.ucsf.edu/docs/rnxl0001

(B&W) PROTECTED BY MINNESOTA TOBACCO LITIGATION PROTECTIVE ORDER

A. No. He came home in them.

Q. You know what I mean by painter's clothes? You go out to the house and he's got on his nice white stuff, but it's got paint all over it from various jobs.

A. Yes.

Q. Clothes he wore to work?

A. Yes.

Q. Where did Virge work after he worked as a painter for Day & Zimmermann?

A. I think that's when he went to work for the police department.

Q. Forgive me for asking this: is this his first work, now, for the police department; or is this another tour?

A. This is another time.

Q. I remember he worked several times at the deputy sheriff, but I lost track on the police department. He went back to the Texarkana Police Department?

A. Yes.

Q. Incidentally, do they have one that's a Texarkana, Texas, Police Department and another that's a Texarkana, Arkansas, Police Department; or do they have just one for Texarkana?

A. No. Everything is separate.

Q. When he was working, was he in the Arkansas Police Department?

A. Yes.

Q. How long did he do that, police officer, Texarkana, this time?

A. Until '70 -- no -- yes.

Q. Same kind of work he'd done earlier, mostly in an automobile, patrolling?

A. Yes.

Q. Do you remember why Mr. Faulkinbury left that employment this time?

A. I don't remember why.

Q. Is this the job that he had when y'all left to go to Arkansas, or had he already left the police department and taken up some other line of work there in -- I'm sorry. Strike the question.

Is this the job he had, he was working for the Police Department, when y'all left to go to El Paso?

A. Yes.

Q. And y'all had never lived in El Paso before, had you?

A. I had not.

Q. Had Virge ever lived in El Paso before?

A. I don't know. He had been there.

Q. Do you have any belief that he'd ever lived in

El Paso before?

A. I think he did. I think he told me he did a few months or so.

Q. Do you know when that was?

A. No.

Q. Why did y'all go to El Paso?

A. My son kept having bronchitis. And he had been there before, and he wanted to go back there. And he said the air there would be better for him. And he got the job, and we went.

Q. Now, was this Robert; or was this Karlton?

A. Karlton.

Q. And this was in about 19 -- was it 1970?

A. Yes.

Q. And was Virge's employer in El Paso National Life and Accident Insurance Company?

A. Yes.

Q. Was he selling life insurance for them?

A. Yes.

Q. When was Karlton born, Mrs. Faulkinbury?

A. March of '59.

Q. The little boy had bronchitis; is that right?

A. Yes.

Q. He was about 11 years old?

A. When we went to El Paso?

Q. Yes, ma'am.
A. Yes.
Q. Was it Virge that suggested y'all go out there? I'm not trying to trick you. I just didn't understand you. I thought you said that Karlton had been there and Karlton had suggested you go there. He's only 11 years old, so I'm not understanding you.
A. No. It was Virge.
Q. It was Virge that had been there; right?
A. Right.
Q. And it was Karlton that had bronchitis?
A. Right.
Q. And he was 11 years old, or thereabouts?
A. Somewhere around there.
Q. And so did Virge get the job before y'all went out there, or did he go out there and look for employment?
A. No. He got it before we went out there.
Q. Was it Karlton's bronchitis that was the reason for the trip?
A. Partly the reason.
Q. What was the rest of the reason?
A. Like I told you, he wanted to go back, Virge did. He wanted to go out there and live.
Q. Was anybody else's bronchitis a moving force in

the trip, like yours?

A. No.

Q. How about Virge? Was his health a reason for moving to El Paso?

A. No.

Q. So you moved just because the middle boy, or the younger son had this bronchitis and also Virge was in a mood to go to El Paso, having lived there before?

A. Yes.

Q. And while he was there, while y'all were there, Virge was a life insurance salesman; is that right?

A. Yes.

Q. Did he pursue any other line of work while he was there?

A. No.

Q. Does your boy, Karlton, still suffer from bronchitis?

A. Not as much as he used to.

Q. Did you ever find out what was the reason that your son had it?

A. The humidity had a lot to do with it, and he had his tonsils taken out.

Q. Did the doctor ever give you any help in understanding why Karlton had bronchitis?

A. No. I don't remember if he did.

Q. Was Karlton hospitalized ever for any kind of bronchitis or any kind of respiratory problem?

A. Just when he had his tonsils out.

Q. Never for bronchitis?

A. No.

Q. Did the doctor suggest that the boy had that difficulty, bronchitis, because of some humidity problem in Texarkana?

A. I don't remember if the doctor said it or not.

Q. I'm not trying to put words in your mouth. I'm trying to understand what you meant. Is that your notion, maybe?

A. I don't remember. That's been so long ago.

Q. If it hadn't been for the young boy, Karlton, having bronchitis, would y'all have stayed in Texarkana?

A. I don't know.

Q. Well, I'm not trying to put words in your mouth. I'm merely trying to understand why you moved, as best I can. Just tell me, was the boy's health a reason for the move?

A. One of the reasons, yes.

Q. Y'all lived in El Paso from May of '70 into the year 1971. Then you moved back to Texarkana.

A. Somewhere along in there, yeah.

Q. Why did y'all come back to Texarkana?

http://legacy.library.ucsf.edu/tid/air07a00/pdf Digitized by www.industrydocuments.ucsf.edu/docs/rnxl0001

(B&W) PROTECTED BY MINNESOTA TOBACCO LITIGATION PROTECTIVE ORDER

A. He just wanted to come back.
Q. "He" being Virge?
A. Virge.
Q. Had the youngster's health problem resolved itself?
A. He had gotten better.
Q. Did he change jobs -- he, Virge, change jobs when y'all moved back to Texarkana?
A. Yes.
Q. Or did he continue to work for the same company he was working for in El Paso?
A. No, he changed.
Q. When you returned to Texarkana, where did he go to work?
A. McLary Ford.
Q. How long did he work at McLary Ford?
A. I don't remember. A few months.
Q. Did he have that job when y'all left El Paso, or did y'all just go back to Texarkana and he look for a job when y'all got there?
A. I don't remember if he had it before he came back or not.
Q. Did he work more than once at McLary Ford?
A. Yes.
Q. And this time, it was not long after y'all got

http://legacy.library.ucsf.edu/tid/air07a00/pdf Document from www.industrydocuments.ucsf.edu/docs/rnxl0001

back, he was a truck salesman; is that right?

A. Yes.

Q. Didn't do that very long when he got back, did he?

A. I don't think so.

Q. Then where did Virge go to work?

A. I can't remember. I was trying to think. He changed jobs a lot.

Q. I know that after he'd worked at McLary Ford, he worked for the Woodmen of the World, didn't he?

A. Not right afterwards.

Q. At any time afterwards -- I think we've already said you can't remember where he worked right afterwards. We're clear on that, aren't we? We don't know where he went to work right after --

A. He went to work for National Life. I don't know if he went to work right after he quit McLary Ford or not.

Q. Was that --

A. That was the second time we went to El Paso.

Q. Let's just try to focus, if we can, on the period of time between the time you went back to Texarkana and he was working for McLary Ford for not long; okay? Then he worked somewhere else, didn't he, before y'all went back to El Paso?

http://legacy.library.ucsf.edu/tid/air07a00/pdf www.industrydocuments.ucsf.edu/docs/mxf0001

(B&W) PROTECTED BY MINNESOTA TOBACCO LITIGATION PROTECTIVE ORDER

A. No, I don't think so.

Q. How long did y'all stay in Texarkana when you moved back there from El Paso the first time?

A. Not very long. About a year or so. About a year, maybe.

Q. In that year or so, did he work anywhere else besides McLary Ford?

A. I don't think so.

Q. Up until this period of time in ya'll's married life, had Virge been unemployed for any particular period of time?

A. (Shrugging)

Q. You have to say something.

A. I'm trying to think.

I don't think so.

Q. He'd never been out of a job for any particular matter of weeks or months?

A. Not that long.

Q. Okay. Why did y'all decide to go back to El Paso?

A. He just wanted to go back, and Karlton did better there with his bronchitis. And they wanted to go back.

Q. "They" is who, please?

A. Virge, Karlton, and Evelyn. And I did, too.

http://legacy.library.ucsf.edu/tid/air07a00/pdf Powered by www.industrydocuments.ucsf.edu/docs/mxl0001

Q. Why did you want to go back?

A. I liked the climate. I liked the city. I just liked being there.

Q. Had Karlton begun to have bronchitis problems again?

A. Yes.

Q. And basically the kids wanted to go back and Virge wanted to go back and you wanted to go back?

A. And they would hire him back. So we went back.

Q. And his old job was available?

A. Uh-huh.

Q. The second time that you were living in El Paso, was Virge again working for the insurance company?

A. National Life, yes.

Q. Again he was selling life insurance, was he?

A. Yes.

Q. When he was doing that in El Paso, how did he go about doing that? Did he go to his office and call people on the phone? Did he go and call on people in their residences? Did he work out of his home? How did he go about selling that insurance?

A. He had a route that he collected.

Q. A debit route?

A. Yes. And he also sold -- during this time he

http://legacy.library.ucsf.edu/tid/air07a00/pdf www.industrydocuments.ucsf.edu/docs/rnxd0001

would make contact with people on his route, and sometimes he would get calls from the office.

Q. Go call on somebody, and he'd go see them?

A. Yes.

Q. And he had a debit premium route where he'd collect money from people?

A. Yes.

Q. That's what he did both times y'all were living in El Paso?

A. Yes.

Q. Was it about January of '76? Is that when you told me you moved back?

A. It was the last part of '75 or January '76.

Q. Okay.

Q. And what did he do then?

A. He tried to keep working, yes.

Q. Well, by the summer of 1976, he had applied for Social Security benefits by reason of the fact that he was physically disabled, had he not? Isn't that correct?

A. I think it was in the summer.

Q. Right. So between January of '75 and the summer of '76, he worked for some insurance company and he worked for McLary Ford?

A. Sometimes, if he felt like it, he'd go have coffee with his sister.

Q. Would that necessitate getting in a car and driving somewhere?

A. Yes.

Sometimes she'd come pick him up if he didn't feel like driving.

Q. What years did Virge have a motorcycle?

Q. As a matter of fact, you had started going to the Catholic church before you met Virge; right?

A. Yes.

Q. And just give me a kind of general idea how often Virge would go.

A. Some months he might go two times out of the the month. Next month he might not go at all. Sometimes it would depend on what my children were in, what they did.

Q. Did Virge ever stop attending church, or did he continue to go --

A. No. He stopped.

Q. Is that because he wasn't able to get up and around as much?

A. Yes. Couldn't get up the steps.

Q. So you simply don't have any information about when he started?

A. The last few months that he lived.

Q. In 1983?

A. Well, probably about '82 and three.

Q. Well, the reason I said '83 is you said the last few months, and --

A. He could have been smoking four a day in '82. I don't know. I know he did the last few months before he died.

Q. Before '82 or '83. In other words, before that period of time that you've categorized as the last few months, did the amount that he smoked vary from day to day?

Q. Was he a chain smoker only in the last few months, what you call the last few months, which we've said was kind of '82, '83?

A. I think so.

Q. When he would smoke before that period of time, would he smoke a cigarette, say down maybe half of its length most of the time, or less? Or more?

A. Sometimes. Sometimes he didn't. Depend on what he was doing.

Q. I guess you're telling me that it just varied in terms of how long he smoked each cigarette down to --

Q. You saw no pattern in terms of smoking it right down to the butt or, for that matter, smoking it halfway or less? You just didn't observe a pattern in how he smoked?

Q. Have you ever seen him use one cigarette to light another cigarette?

A. The last few months, yes.

Q. Was it only in the last few months that you saw that?

A. That I can remember.

Q. It's only in the last few months you can remember seeing that?

A. Yes.

Q. Was there any particular place that Virge got his cigarettes?

A. Usually when I bought them at the grocery store.

Q. You would generally go to the grocery store once a week on Saturday and buy the food for the week?
A. Right.
Q. What other places would you shop besides Albertson's and Skaggs?
A. Sometimes we'd go to Safeway.
Q. Where else did you shop? Is that it? Buy almost all your groceries at Albertson's, Skaggs or Safeway?
A. Or Piggly Wiggly. That's about all.
Q. When you lived in El Paso, where did you shop?

A. Well, they put Skaggs in while we were gone to El Paso.
Q. Did you buy essentially all the cigarettes you bought for Virge after '64 at either Albertson's, Skaggs, Piggly Wiggly or Safeway?
A. Well, Albertson's and Skaggs wasn't there very long.
Q. That's the reason I was asking you if they had been there a long time?
A. No, those hadn't.
Q. Before that, did you shop at Safeway and Piggly Wiggly? And is that where you bought most of the cigarettes you bought?
A. At one time there used to be an A & P store there, but they don't have them there anymore.

A. When I was having so much trouble with bronchitis.

Q. Whenever you were having a bout that was a serious problem with bronchitis?

A. He couldn't smoke in the bedroom when I was in there, because -- well, he did some; but not very much, because I couldn't breathe in there.

Q. Well, when you say he couldn't smoke in the

bedroom, do you mean that was all the time; or was that only when you were having bronchitis problems?

A. It was just some of the time.

Q. Was it some of the time when you were having bronchitis problems?

A. Well, that was -- yes.

Q. Well, what I'm understanding you to say is there was no part of the home or your house that was out of limits, except the bedroom at those times when you were having problems with bronchitis; is that accurate?

A. Yes.

Q. Were there times when he refrained from smoking around your children when they had any health problem?

A. I can't remember if he did.

Q. So although you can remember that he would refrain from smoking in your presence when you had bronchitis, you can't remember if that ever was the situation with your son, Karlton, for example?

A. That's been several years ago. This has just been the last few years.

Q. Is it accurate that you can't remember situations when he refrained from smoking around Karlton because of the boy's problem?

A. I don't remember.

Q. Fine.

Now, you mentioned that he refrained from smoking around you because of your bronchitis, but only in very recent years. Is that what you're meaning to tell me?

A. Yes.

Q. What recent years?

A. The last few years. I would say the last five years.

Q. Were there ever periods of time when, for health reasons, Virge didn't smoke?

A. Yes.

Q. What were those?

A. You mean when he didn't smoke himself?

Q. Yes, ma'am.

A. There was about two or three months.

Q. When?

A. I think it was in '77.

Q. Are you referring to a period when he actually attempted to quit?

A. Yes.

Q. Were there other times -- for example, when he had a severe cold or anything like that -- where he would not smoke for a day or two?

A. Not for a day or two. Maybe for a few hours.

Q. Because he had a cold, for example?

A. Not a cold. When his emphysema would be bothering him.

Q. He might quit for a few hours, you say? He would just refrain from smoking for a few hours when --

A. If he was having a breathing problem, yes.

Q. Now, were there ever periods of time where, for religious reasons, he would refrain from smoking?

A. I don't remember any.

Q. For example, Lent?

A. No.

Q. Did he ever give up cigarettes for Lent?

A. Not that I know of.

Q. Did you ever give up anything for Lent?

A. I don't think so.

Q. Not a celebrant of Lent?

A. No.

Q. When would he usually have his first cigarette of the day?

A. When he woke up in the mornings.

Q. In the bedroom, or was that elsewhere in the house?

A. Most of the time the bedroom.

Q. Except in the last five years?

A. No. He usually did that anyway.

Q. Were there certain periods of time during the

day when he smoked more than at other periods?

A. I can't remember any.

Q. For example, did he smoke more in the evening than during the day?

A. I don't think so.

Q. Did he smoke more often after meals? Did he usually smoke after meals, for example?

A. I couldn't tell any difference.

Q. Did he ever wake up in the middle of the night and smoke a cigarette?

A. Yes.

Q. What were his reasons for smoking, insofar as you understood them?

A. I don't know.

Q. Did he appear to smoke for relaxation?

A. I don't know why he smoked, unless because he had to have them.

Q. Did he appear -- did he smoke, do you think, to relieve anxiety?

A. I don't know.

Q. Or to relieve nervousness?

A. I don't know.

Q. Do you know if he smoked for stimulation?

A. I don't know.

Q. Pleasure? You don't know?

A. I guess because he felt like he had to have one. I don't know.

Q. But you don't know any reason that he would have smoked, other than your statement you just made, "because he had to have one"?

A. I don't know.

Q. Did he ever smoke a pipe?

A. Yes.

Q. Cigar?

A. Very seldom.

Q. How about those little small cigars?

A. No, I can't remember him smoking those.

Q. What years did he smoke a pipe?

A. Well, he didn't smoke it all the time. Just occasionally.

Q. Did he occasionally smoke a pipe all the years that you knew him?

A. Very seldom.

Q. You tell me, you know, either -- you can tell me either in terms of the years that he did it or how often. I'd like you to tell me some notion of your best recollection of -- how much did he smoke a pipe? You can tell me any way you can articulate that.

A. It might be once a year. He might not touch it for two years.

Q. Well, he wasn't a regular pipe smoker then, was he?

A. No.

Q. Did Virge ever have employment where there were restrictions on smoking?

A. I don't know.

Q. When you're a policeman, can you smoke on the streets, in uniform?

A. I never was with him. I don't know.

Q. Were you ever with your husband when he was in a police uniform on the street?

A. No, I don't think so.

Q. I'm not necessarily talking about while he was on the job. I'm just talking about when he might have been in uniform on the street in Texarkana.

A. Yes.

Q. Do you know whether or not there were restrictions on smoking on the street?

A. No, I don't think so, not when he was off duty, that I know of. I don't know what he did on duty.

Q. You simply don't know if there are limitations on that. Is that what you're telling me?

A. I don't know.

Q. How about Miller County Deputy Sheriff's Office? Any smoking restrictions on that job?

A. There wasn't then that I remember.

Q. How about when he was working for the painting outfit, for the outfit where he worked as a painter, somebody and Zimmermann?

A. I know they had smoking restrictions then.

Q. There were some then?

A. Yes. They had certain areas they had to go to.

Q. Would you always buy the same number of packs of cigarettes at the grocery store?

A. Yes.

Q. Tell me how many you would buy when you did your week's shopping?

A. One carton.

Q. So would Virge then go through about a carton per week? Is that what you're telling me?

A. Sometime more. Usually about a carton and a half.

Q. Was that always the case during your married life, up until this last period of time that you referred to in '83, and possibly late '82?

A. Well, a long time ago. I don't remember.

Q. To the extent you do remember, is that about what it was up until the last period of time, '82 and '83?

A. To the extent I remember, yes.

Q. Did Virge ever chew tobacco?
A. No, not that I know of.
Q. Did he use snuff?
A. Not that I know of.
Q. His mother and father used snuff, didn't they?
A. Just his mother, I think.
Q. Did y'all save Raleigh coupons?
A. Yes.
Q. What did you -- did you redeem them ever?
A. Yes.
Q. What did you get?
A. One time we got a lantern.
Q. Coleman lantern?
A. Coleman lantern. And I can't remember what else we got. A coffee pot. I don't remember anything else. We got several things, but I just can't recall them right now.
Q. Did Virge save them, or did you save them?
A. We both did.
Q. Did you keep track of how many y'all had in terms of what you could get?
A. Well, I guess it was kind of mutual.
Q. Did Virge ever try to cut down on -- that is, diminish -- the number of cigarettes he smoked?

A. I don't remember that. I just know he did sometimes.

Q. Did Virge ever try to quit smoking?

A. Yes.

Q. How many times did he do that?

A. I don't know.

Q. How many times do you know of that he tried to quit smoking?

A. Well, I don't know. I don't remember. Just that one time that I remember.

Q. You remember one time for two or three months in 1977?

A. Well, I know he tried to quit sometime the last few years; but I don't know how many times or when.

Q. You told me you know of one time in 1977, for two or three months. And there may have been others, but you simply don't know about them?

A. Well, I know about this particular time. But the other times he tried to quit or slow down on smoking, I don't remember the times nor the years.

Q. What was the longest period of time, the one that you do remember?

Q. Two to three months?
A. Yes.
Q. Did anyone ever urge Virge to stop smoking?
A. I did.
Q. When did you urge him to do that?
A. A lot of times.
Q. Why did you do that; that is, urge him to quit?
A. Because I felt like they were bad for his health.
Q. How were they bad for his health?
A. Well, they made him cough. He couldn't breathe.
Q. How did you know that, Mrs. Faulkinbury? What made you believe that they were bad for his health in that they made him cough and caused him to be in a situation where he couldn't breathe?
A. I read articles.
Q. Did you see TV programs?
A. Yes.
Q. On the same subject, health and smoking?
A. Probably.
Q. What kind of articles did you read?
A. I read some out of the American Medical Association. Just different articles in magazines.
Q. What kind of magazines?

http://legacy.library.ucsf.edu/tid/air07a00/pdf www.industrydocuments.ucsf.edu/docs/rnxl0001

A. Well, I don't remember the name of the magazines.

Q. Are we talking about magazines like Look -- the type magazine, not the particular one -- Look and Saturday Evening Post and those kind of magazines?

A. Yes.

Q. As distinguished from some kind of technical journal like the American Medical Association?

A. Yes.

Q. So you did read articles about -- out of those kind of what we'd call lay magazines, you read articles on smoking and health?

A. Yes.

Q. And these articles caused you to believe that smoking could impair your lung function?

A. Yes.

Q. Which is something you were observing in your husband through the years, isn't it?

A. Yes.

Q. How did you have occasion to read things from the American Medical Association?

A. My son sent them to me, and I read some from the law office where I worked.

Q. When you say your son, are you talking about Robert, the nurse?

http://legacy.library.ucsf.edu/tid/air07a00/pdf Digitized by the Internet Archive http://www.industrydocuments.ucsf.edu/docs/rnxl0001

A. Yes.

Q. What was the reason for Robert to be sending you articles about -- from the American Medical Association publication?

A. Because he thought Virge smoked too much and they were hurting his health.

Q. When did Robert send you those articles?

A. When he was in the Navy back in the '70's.

Q. How long did Robert stay in the Navy?

A. I don't remember if he did three or four years.

Q. Was Robert born about sometime in '56? I can't remember. You told me earlier this morning, but I just don't remember.

A. No, I don't think I ever told you.

Q. Please tell me. When was Robert born? You told me he was 30, didn't you?

A. I told you he was 30.

Q. On my own, I then deduced he was born in 1956. He was born in about 1956?

A. July '56.

Q. Did he go into the Navy when he was about 17 years old?

A. Yes.

Q. And he stayed three or four years?

A. I can't remember if he did three or four.

http://legacy.library.ucsf.edu/tid/air07a00/pdf www.industrydocuments.ucsf.edu/docs/nxl0001

Q. Did one pitch?
A. Un-hun.
Q. So he would have gone into the Navy in about 1973?
A. Somewhere around there.
Q. So it would have been between '73 and the next -- sometime between 1973 and the next three or four years that he would have sent you some articles from the American Medical Association; correct?
A. Right.
Q. And were these reprints of articles that had been published in the American Medical Association Journal, or did he actually send you an American Medical Association Journal?
A. No, they weren't reprints.
Q. Did he send you that magazine?
A. He sent me some copies from it.
Q. That's what I meant by reprints. Maybe I'm --
A. They were taken from the book.
Q. Something that had appeared in what you understood was the American Medical Association Journal?
A. Well, I didn't understand it. It was written up there.
Q. How many articles did Robert send you?
A. I don't know. Two or three.

http://legacy.library.ucsf.edu/tid/air07a00/pdf Source: http://www.industrydocuments.ucsf.edu/docs/rnxl0001

Q. Did Robert send these to Virge, or did he send them to you to give to Virge and talk to Virge about it?

A. He sent them to both of us.

Q. Did he write you a letter and say that you ought to read these?

A. No. We'd discuss it.

Q. When he was home from the Navy?

A. Yes.

Q. Those would be the years when Virge was beginning to develop chronic obstructive pulmonary disease and emphysema, wouldn't they?

A. Yes.

Q. The years in 1973 and immediately thereafter, leading to Virge's taking disability for medical reasons in 1976; correct?

A. Well, he didn't have that then that we knew of. He was starting to --

Q. He didn't -- were you through?

A. He was starting to have breathing problems during that time.

Q. What were you meaning to tell me that you didn't know that he had in 1976?

A. I didn't tell you that I knew he had anything in '76. You said '73 or two.

Q. You knew by 1976 that he had emphysema and he

had chronic obstructive pulmonary disease, didn't you?

A. Yes.

Q. I was just taking 1973 as a year I thought that we had concluded that he might have gone into the service, right about that time.

And the time that he would have sent you the articles would have been in the period between like '73 and '76; correct?

A. Yes, that's right.

Q. Did you say that he mailed them to you and then subsequently y'all talked about the subject when he was home?

A. Well, he brought it up to him a lot of times. And then he said he would do some research when he got back. And he did, and sent us the articles.

Q. What was the reason that Robert brought it up and told him he was going to do some research, because he observed his father having pulmonary problems?

A. I don't remember why it was brought up.

Q. When did he bring it up the first time?

A. I can't remember any particular time, particular date.

Q. Approximately when did he bring it up the first time? Was it before he went to the Navy?

A. No. It was after he went to the Navy.

Q. It was after he had joined the service?

Q. And he was home during that period of time and said he was going to do some research?
A. Yes.
Q. And he, in fact, did, as a corpsman, go do some research and assimilated some articles and sent them to you?
A. Yes.
Q. Now, as I recall, Robert was the child that had lived with his dad, Mr. Brooke?
A. Yes.
Q. And so that was the first time that he brought it up, to your knowledge, when he was home on leave or furlough from the Navy?
A. I don't remember if he brought it up before that or not.
Q. Did y'all live in the same city before Robert graduated from high school?
A. Seemed like it was just prior to us going back to El Paso.
Q. The second time?
A. Probably.
Q. Did Mr. Brooke live in the Texarkana area?

Q. Where did he live in Texarkana?
A. Markwood.
Q. Is that in Texas?
A. Arkansas.
Q. Markwood, Arkansas, that's pretty close in that general area?
A. No. He lived on Markwood Street in Texarkana, Arkansas.
Q. Okay.
You can't recollect the magazines that you had read the articles in?
A. No.
Q. Did you keep the American Medical Association articles, or did those get discarded over the years?
A. I kept them for a while, but I can't find them now.
Q. Did you misplace them at some time after Virge's death?
A. No. I don't remember. I just started looking through some things, and I can't find them.
Q. Were there other sources of your belief that smoking was bad for one's health and therefore bad for Virge's health, in the sense that it would cause him to cough and to have difficulty in breathing, other than you have told me about?

(QUESTION READ)

BY MR. STALLINGS:

Q. Did you understand the question?

A. Well, I understand it; but I don't know how to answer it right now.

Q. Let me help you, then. Here's what you've told me so far. You told me that you saw some articles in some magazines that are what we call lay publications.

A. Yes.

Q. And you said you saw some TV programs or TV advertisements or TV shorts, things like that; okay? Right?

A. Yes.

Q. You said that you had seen some articles that your son, Robert, had sent you while he was a corpsman in the Navy?

A. Yes.

Q. That's three things so far; right?

A. Yes.

Q. You also told me, I think, that you'd read some material at work; right?

A. Yes.

Q. And that was material in the safety department

there at International Paper?

A. Did I tell you that?

Q. Well, I don't know that you did or not. But did you? That's the only place I thought that you worked that --

A. I don't think I told you that. But, yes, I have read some at the safety department.

Q. Have you read material in the safety department at International Paper about smoking and health?

A. Yes.

Q. And did that material contribute to your belief that smoking was bad for your health in that it would cause you to cough and cause difficulty in breathing?

A. Yes.

Q. What else did you understand from that material that it might cause that was detrimental to one's health?

A. Cause lung cancer.

Q. Did you understand and form a belief that smoking could cause lung cancer from these other sources, such as the American Medical Association?

A. Yes.

Q. And such as the magazines that you read?

A. Yes.

Q. And such as the TV shows?

http://legacy.library.ucsf.edu/tid/air07a00/pdf Source: http://www.industrydocuments.ucsf.edu/docs/rnxl0001

A. Yes.

Q. Were there some safety magazines that y'all received there, or were they things that were collected for some reason or disseminated within the company by management? Or what was the source of the things you read at your job?

A. We got regular publications, like from the National Safety Council and --

Q. Okay.

A. And material from other publications.

Q. Forgive me, Mrs. Faulkinbury; but when was it you started at International Paper Company? About '78 or so?

A. I think it was January of '79.

Q. January of '79. And was it soon thereafter that you began to review the kind of written material you just referred to from the National Safety Council?

A. From there, yes.

Q. Is there any other source of information that formed the basis of your belief about smoking being bad for your health, besides the magazines, the information you received from your son, television material, and the things that you read at work? Were there other things?

A. Well, his doctors would tell him sometimes about smoking.

Q. And did his doctors tell him that in your presence?

A. They told him in my presence that he should quit smoking.

Q. That's what I mean. Dr. Terry Davis told him in your presence to quit smoking, didn't he?

A. I think he did.

Q. Did Dr. Hughes tell Virge that he should quit smoking in your presence?

A. Dr. Hughes? Who is Dr. Hughes?

Q. Dr. Hughes is one of the physicians that was treating your husband in 1979 at St. Michael's Hospital.

A. Oh, yes.

Q. I'm sorry?

A. Yes.

Q. Did Dr. Hughes urge Virge to quit smoking in your presence?

A. Yes, he did.

Q. Did Dr. Robinson urge him to quit smoking in your presence?

A. Yes, he told him to quit smoking.

Q. Did Dr. Thomas in El Paso urge Virge to quit smoking in your presence?

A. I was never there when he saw Dr. Thomas.

Q. Do you know if Dr. Thomas urged Virge to quit

smoking?

A. I don't remember if he told me or not.

Q. Did Virge get this advice as early as the year 1976?

A. I don't remember just what year that they told him.

Q. Have you reviewed any material from the Social Security Administration concerning Mr. Faulkinbury?

A. You mean the letter that Dr. Davis wrote?

Q. Yes, ma'am.

A. Yes, I've read it.

Q. Do you recall that he indicates in that letter that he had told Virge to quit smoking in 1973?

A. Yes, I think it's in there.

Q. Does that refresh your recollection as to the fact that Virge would have been urged to cease smoking as early as 1973?

A. As early as 1973?

Q. Yes.

A. He didn't write that letter in '73.

Q. I understand. He wrote the letter in '76, didn't he?

A. Yes.

Q. Doesn't he say in the letter that he had told Virge to quit smoking in 1973?

A. He may have. I don't remember.

Q. Would that be in accordance with your recollection that Virge was urged by his doctors to quit smoking --

A. Well --

Q. -- in the early '70's?

A. I don't remember that Dr. Davis told him that back in '73. If he did, he didn't tell me.

Q. But he had certainly told him that by 1976?

A. I read it in a letter he told him.

Q. We know, Mrs. Faulkinbury, from what you've previously told me, that your son, Robert, was talking to Virge about not smoking and about stopping smoking in the period of time between 1973 and 1976 or so; right?

A. Yes.

Q. Were his doctors also urging Virge to stop smoking in that period of time?

A. That's what I said. I don't know if they did or not.

Q. Do you believe that they were?

A. I don't know.

Q. You do believe that they were at least by 1976, however, don't you?

A. Yes.

Q. Did Virge begin to have pulmonary problems when

you were in El Paso?

A. The latter part of the time.

Q. Is that the first time he had pulmonary problems, or had he had breathing difficulties before that time?

A. Not that I know of.

Q. Did you begin to urge Virge to stop smoking soon after he developed pulmonary problems?

A. Yes.

Q. And you already told us that you urged him to cease smoking a lot of times; correct?

A. Yes.

Q. You told me that your son, Robert, did the same?

A. Yes.

Q. And you've told me that his doctors also urged him to quit; right?

A. Yes.

Q. That was true of Dr. Davis; right?

A. That's in the letter.

Q. And Dr. Robinson?

A. Yes.

Q. And the other doctor that you mentioned, Haynes?

Q. Were there other physicians who told him the same thing?

A. I can't remember any if they did.

Q. What was Virge's reaction to your telling him?

A. I don't know what he said.

Q. You really can't remember?

A. No. It's been all so long ago, I don't remember what he said.

Q. Can you remember the substance of what he said?

A. No.

Q. Did he just ignore you or did he argue with you, or can you remember?

A. I think he'd just try to quit or slow down a few days, and then he'd be back to his normal self.

Q. But you simply can't remember?

A. I can't think anything he said.

Q. Anything he said? Or you can't remember any discussion, at least discussions with you, about the subject; is that right?

A. Not right now, I can't.

Q. Can you remember what he told Robert when Robert brought this subject up in the mail and when he was at home visiting?

A. No.

Q. Can you remember what he would tell the doctors

when the doctors would urge him to quit?

A. I can't remember.

Q. Mrs. Faulkinbury, can you remember the substance of what he would say? I'm not asking you to tell me the exact words. But you're unable to remember the substance of the discussions?

A. He usually just wouldn't respond at all to them.

Q. There wasn't any dialogue or any explanation or any justification or any reason or any discussion that you can remember from Virge on the subject; is that right?

A. He might just agree with them at the time. He might just say, "Yes, Doctor." But that's all he'd say.

Q. But you don't remember --

A. I don't remember anything else he said.

Q. Okay.

(RECESS)

BY MR. STALLINGS:

Q. Mrs. Faulkinbury, you told me that you had seen some material on smoking and health in one of the law offices that you worked at.

A. Yes.

Q. Were the lawyers that you worked for working on some asbestosis cases?

A. No, I don't think so.
Q. Which law office was it where you saw the material?
A. Harkness, Freedman & Kusin.
Q. When was it?
A. '70's.
Q. What kind of cases were they working on that caused you to look at this material?
A. There weren't any cases they were working on.
Q. What kind of material was it that you saw in the Harkness law firm?
A. Just reports, cases, actual cases that had been tried.
Q. Were these personal injury cases that they were handling?
A. No. They were out of the book.
Q. They were reports of cases that had been handled by other lawyers?
A. Yes.
Q. Did you read about them in some sort of health -- I mean some sort of legal publication?
A. Yes.
Q. Do you remember what the name of it was?
A. No, I don't remember what the names were.
Q. Was it material that you were reading about

somebody suing a cigarette company?

A. There was some, yes.

Q. Why don't you describe for me, in your words, the kind of material that you saw in the law office on smoking and health that contributed to your belief that smoking was bad for your health?

A. Well, I don't remember the name of the things I saw it in.

Q. Can you remember what it was about?

A. There were actual cases.

Q. Of what?

A. People suing cigarette companies.

Q. You saw that in the early '70's?

A. It was sometime in the '70's. I don't say it's the early '70's.

Q. Was it something that passed your desk, or was it something you were looking up, or what?

A. No. I looked it up.

Q. You went to some source there in the office and looked up some information on suing cigarette companies?

A. Yes.

Q. Why?

A. I was interested in it.

Q. Why were you interested in it?

A. Well, I don't know.

Source: http://www.industrydocuments.ucsf.edu/docs/rnxl0001

Q. Well, come now, Mrs. Faulkinbury. You can maybe do better than that in terms of why you decided to look up something on the subject, maybe. Was it because of your husband's health that triggered this interest in you?

A. Yes.

Q. That was at the time when Mr. Faulkinbury had chronic obstructive pulmonary disease and emphysema?

A. Yes.

Q. And since you worked in a law office, there was material available to you; and you simply looked up some information on suing cigarette companies?

A. Yes, and their medical books.

Q. Is the Harkness firm -- is that plaintiffs' lawyers?

A. Yes.

Q. They regularly represent people who are suing for personal injuries or for death?

A. That's some of the things they do, yes.

Q. Is it your recollection that the only serious effort to stop smoking that was made by Mr. Faulkinbury was in two or three months during the year 1977?

A. That's the longest time he quit.

Q. Are you aware of any other times when he tried to quit?

http://legacy.library.ucsf.edu/tid/ajf07a00/pdf www.industrydocuments.ucsf.edu/docs/nxkl0001

(B&W) PROTECTED BY MINNESOTA TOBACCO LITIGATION PROTECTIVE ORDER

A. Yes. I told you he had quit -- he would quit a few hours, or maybe a day, and then --

Q. Is that the only time that he quit, for as much as a day, that you can remember?

A. Well, there were several times he did that.

Q. I'm understanding your testimony to be that on several, or multiple occasions, he might quit for several hours or a day. And my next question is, is this time in 1977 the only time that you can remember when he made an effort to quit and sustained that effort for more than a day?

A. Well, no. There were other times when he was in the hospital he couldn't smoke maybe two or three days or more.

Q. Is this the only time that you can recall that he would have quit and kept quitting for as much as a week?

A. I'd probably say yes.

Q. Is this the only time, in 1977, that you can remember that he stopped smoking and he -- when he wasn't in the hospital and unable to smoke because of being in the hospital?

A. For how long?

Q. For as much as -- more than a day.

A. I'd say yes.

Q. Did Virge ever go to any kind of smoking clinic?

A. No.

Q. Did he ever seek any kind of doctor's help in stopping smoking?

A. No.

Q. Did he ever go to any courses or anything involving things like hypnosis or behavior modification or anything that was oriented to receiving professional assistance --

A. No.

Q. -- in stopping?

A. No.

Q. Now, on this occasion that you've referred to in 1977, what did he do? He just quit cold turkey, so to speak?

A. No. He had no choice. He had to quit.

Q. Why was that?

A. Well, he had heart failure; and he didn't have any cigarettes for a long period of time.

Q. This time in 1977, when he quit for two or three months, did that start when he was in St. Michael's Hospital?

A. After he had the heart failure.

Q. When he started quitting that time, was he in

the hospital?

A. Yes.

Q. Now, our records that we have secured from the hospital indicate that on about February 20, 1977, Mr. Faulkinbury was admitted to the hospital by Dr. Robinson and by Dr. Davis, St. Michael's Hospital, and his diagnosis was chronic obstructive pulmonary disease superimposed upon pulmonary infection and atrial flutter. Is that the time that you're talking about?

A. Yes.

Q. And you'll recall that's the time where he went home for a day or so and he came back and had an ulcer; right?

A. Yean.

Q. And he was admitted that time because he had had progressive shortness of breath and breathing difficulty and his arms and legs had begun to swell up for several days before he was admitted?

A. Yes.

Q. And the doctors in fact advised him that his condition was critical in late February and March of 1977?

A. Yes.

Q. Is it accurate that he only stayed home a day or two between the time he was discharged from that

hospitalization and the time he went back in with a massive bleeding duodenal ulcer?

A. I think he went home one day and I took him back early the next morning.

Q. And he had an ulcer, and he was bleeding. It was bleeding?

A. Yes.

Q. So between those two hospitalizations, except for that day when he went home, day or two, he was actually in the hospital from about the 20th of February 1977, until about the middle of March 1977; right?

A. Well, it was something like that, yes.

Q. Well, wasn't it February 20 through March 14, 1977?

A. Well, I don't remember what day he got out, unless I look at the records.

Q. Okay.

A. Yes.

Q. Those dates are right? February 20 through March 14, with a day or two at home?

A. Yes.

Q. Now, Mrs. Faulkinbury, that means that for, on, the first three weeks of that time he was in the hospital, are you saying that he persisted in his effort to quit smoking for another month or two after being

discharged from the hospital in the middle of March?

A. Yes.

Q. And then what happened?

A. Well, he started getting one occasionally and then another one; and then he couldn't be around anyone smoking, because he would smell it and want the cigarette. No one was allowed to smoke around him. He finally just started back.

Q. Mrs. Faulkinbury, who else talked to Virge after '73 about stopping smoking, besides the doctors that you've told me and yourself and your older son?

A. My other two children.

Q. Evelyn and Karlton?

A. Karlton.

Q. Even though they were smokers themselves?

A. Yes.

Q. What did they tell him?

A. They just told him they thought he should stop.

Q. Did they, like you, do that repeatedly?

A. Yes.

Q. And continually over the years?

A. Yes.

Q. And did you urge and try to persuade Virge to quit from the onset of his pulmonary difficulty up until '82 or so?

A. Yes.

Q. How about his sister? Did she talk to him about it?

A. I can't remember if she ever said it or not.

Q. How about his older brother?

A. He never was around him too much.

MR. STALLINGS: Is it all right with you, Mr. LaGarue, if we start at 8:30 in the morning?

MR. LaGARGE: That's fine with me.
